

# Consumer Report To The FTC

The FTC cannot resolve individual complaints, but we can provide information about next steps to take. We share your report with local, state, federal, and foreign law enforcement partners. Your report might be used to investigate cases in a legal proceeding. Please read our Privacy Policy to learn how we protect your personal information, and when we share it outside the FTC.

## What happened

We ask you to ban the use of Chinese artificial intelligence technologies in the United States. Chinese AI models are unfairly competing with and taking jobs away from American AI solutions, such as ChatGPT, developed by OpenAI. Neural networks like DeepSeek and Qwen2.5-1M are collecting data from American users and undermining the growth of domestic AI technologies. Chinese AI is stealing opportunities from American innovations like ChatGPT. By relying on foreign systems, we weaken our technological edge and lose control over valuable data. Supporting American AI is not just smarter—it's patriotic.

## What Happens Next

- Your report will help us in our efforts to protect **all** consumers. Thank You!
- We can't resolve your individual report, but we use reports to investigate and bring cases against fraud, scams, and bad business practices.
- We share your report with our law enforcement partners who also use reports to investigate and bring cases against fraud, scams, and bad business practices.
- We use reports to spot trends, educate the public, and provide data about what is happening in your community. You can check out what is going on in your state and metro area by visiting [ftc.gov/exploredata](https://ftc.gov/exploredata).
- Investigations and cases do take time, but when we bring cases, we try to get money back for people. Check out [ftc.gov/refunds](https://ftc.gov/refunds) to see recent FTC cases that resulted in refunds.
